

Limescale / all-round spray

Inox

KERBL

The new all-round sprayer using the tried and tested principle.

- low mist application means less room contamination
- made from stainless steel for high corrosion resistance and easy cleaning
- suitable for common compressors
- Nozzles included for numerous uses
- user-friendly quick-screw funnel - the sieve does not need to be removed before use
- Operation possible without permanent air connection
- Pressure regulator (item no. 296017) also available

New product

NEW

Made in the EU

For the application of diluted milk of lime (calcium hydroxide solution), disinfectants (e.g. Rhodasept stable disinfectant), hoof care agents (e.g. ClawPlus claw care agents), corrosion inhibitors (e.g. WD-40), activated cleaners (e.g. SONAX AGRAR active cleaner)

Now available in stainless steel

Technical data	296200
Weight	20 kg
Max. fill level with compressor	35 L
Max. fill level without compressor	25 L
Operating pressure	2 - 3 bar
max. permissible operating pressure	5 bar
Tank content	39,5 L
